Assistant

# Our **approach**

## **DIGITAL STRATEGY**

Gathering requirements and defining a strategy are the first steps towards a great project completion. On time, on budget.

## **DESIGN & USER EXPERIENCE**

Our creative team build mockups and visual elements to drive more engagement through the experience users have while browsing the site.

## **OPEN SOURCE DEVELOPMENT**

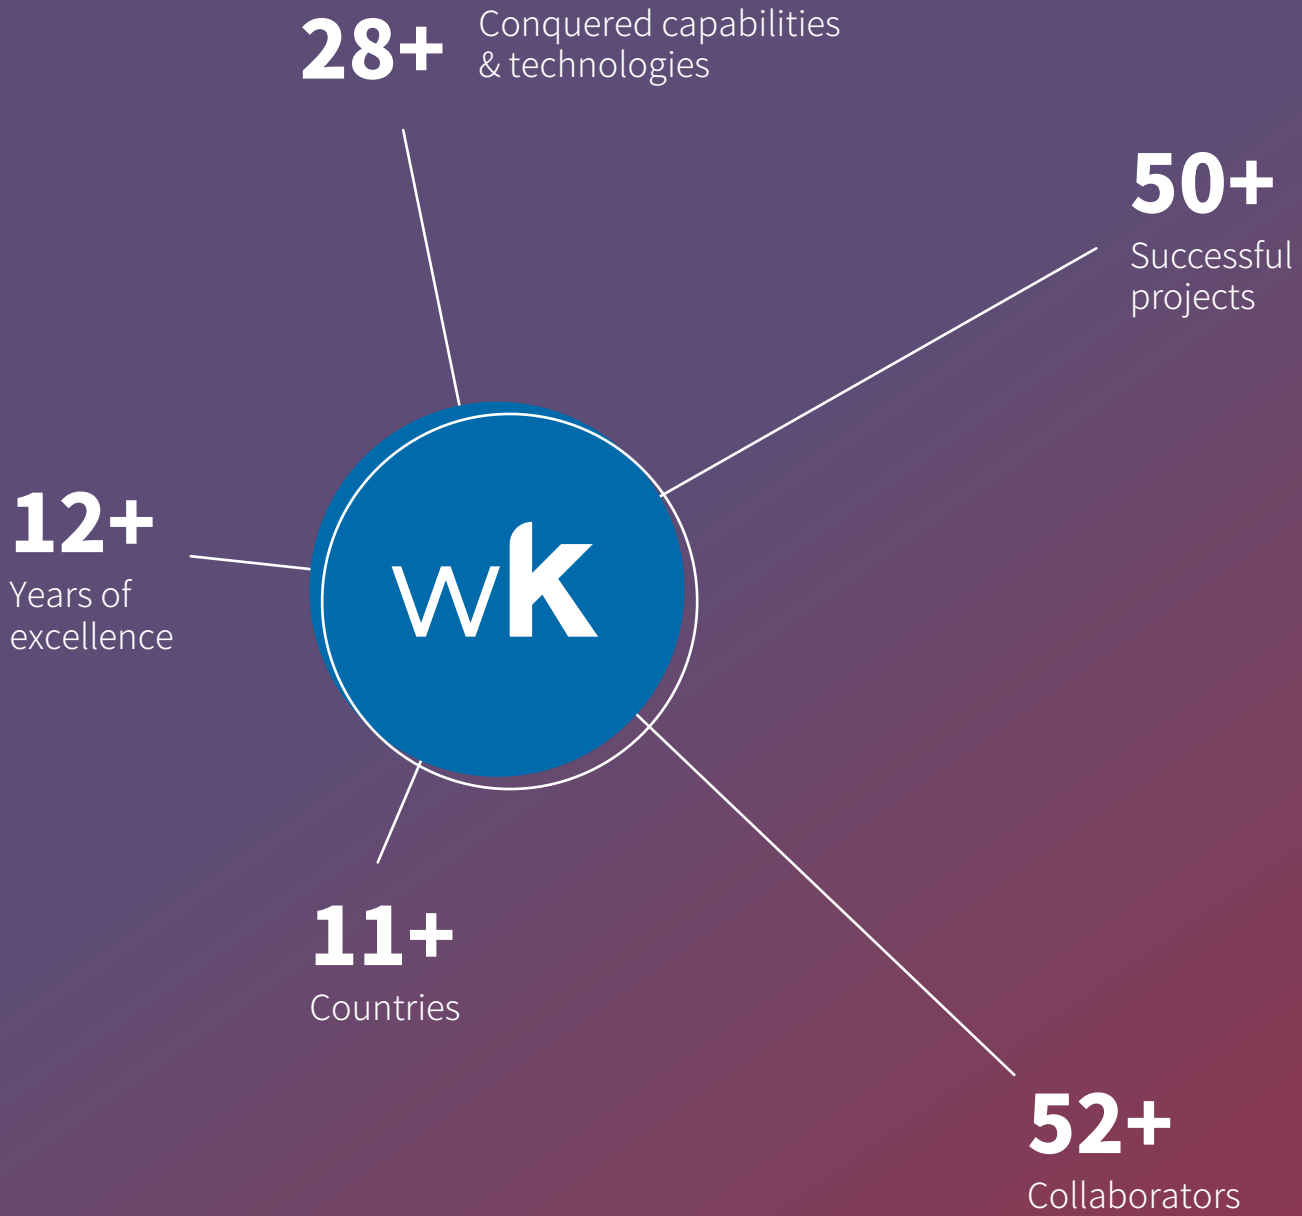

Using Drupal and other bleeding edge technologies, we build web experiences that are uniquely tailored for your target audience.

## **MARKETING & CONVERSIONS**

Setting up KPI's with the help of a CRM such as HubSpot will help us evolve your digital presence and reach your goals.

# We've got you **covered**

# Our **capabilities**

# Five reasons why weKnow

# 1

## THOUGHT LEADERSHIP

We embrace innovation and change, and constantly improve our development workflow..

# 2

## YOUR TIME ZONE, SYNCED

We interact naturally and frequently during the same working hours.

# 3

## WORLD-CLASS KNOWLEDGE

Highly skilled professionals with multiple capabilities across the latest web technologies.

# 4

## TRUST AND DEPENDABILITY

We've been supporting award winning agencies and Fortune 60 companies.

# 5

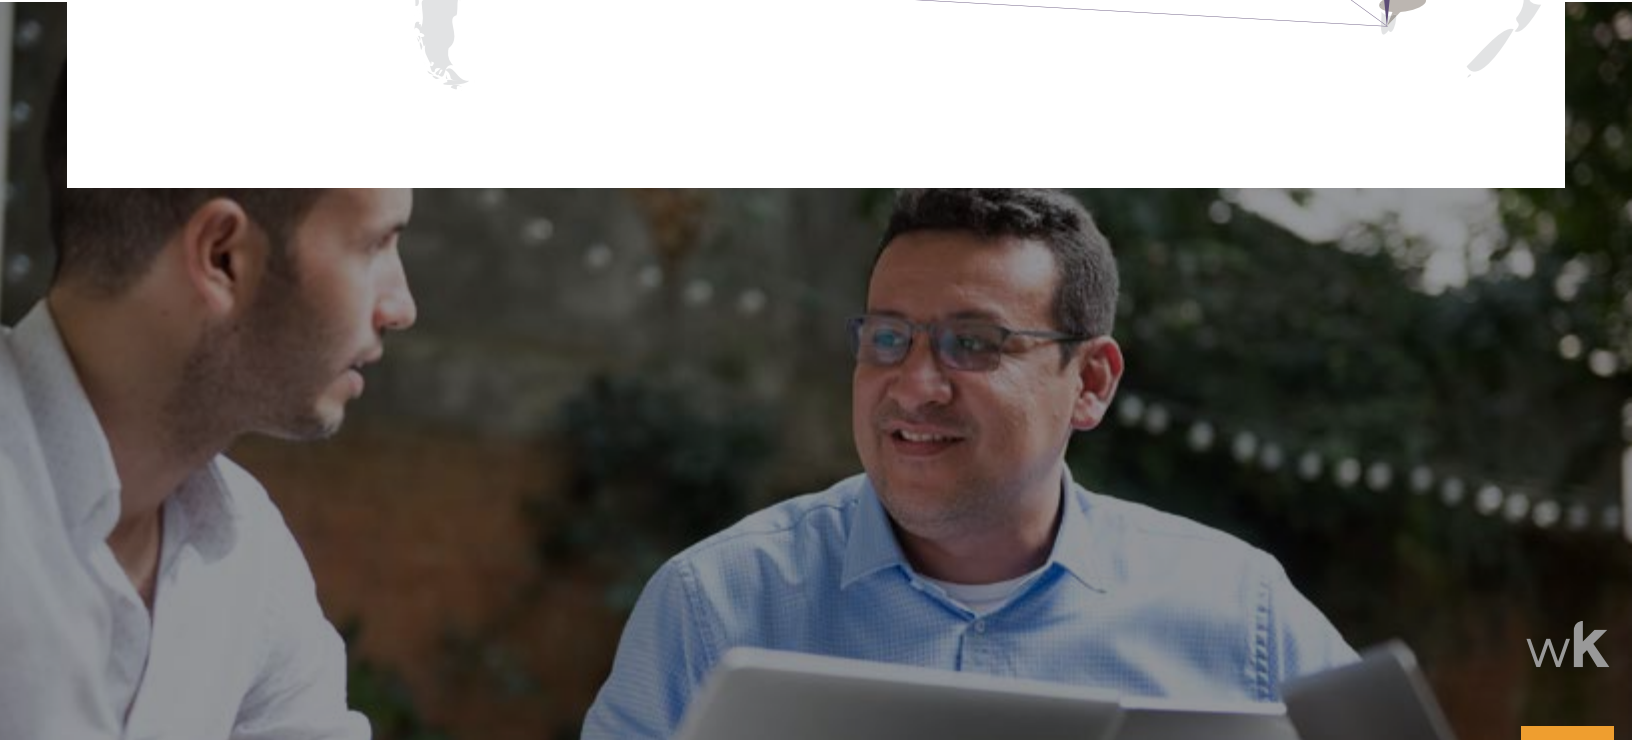

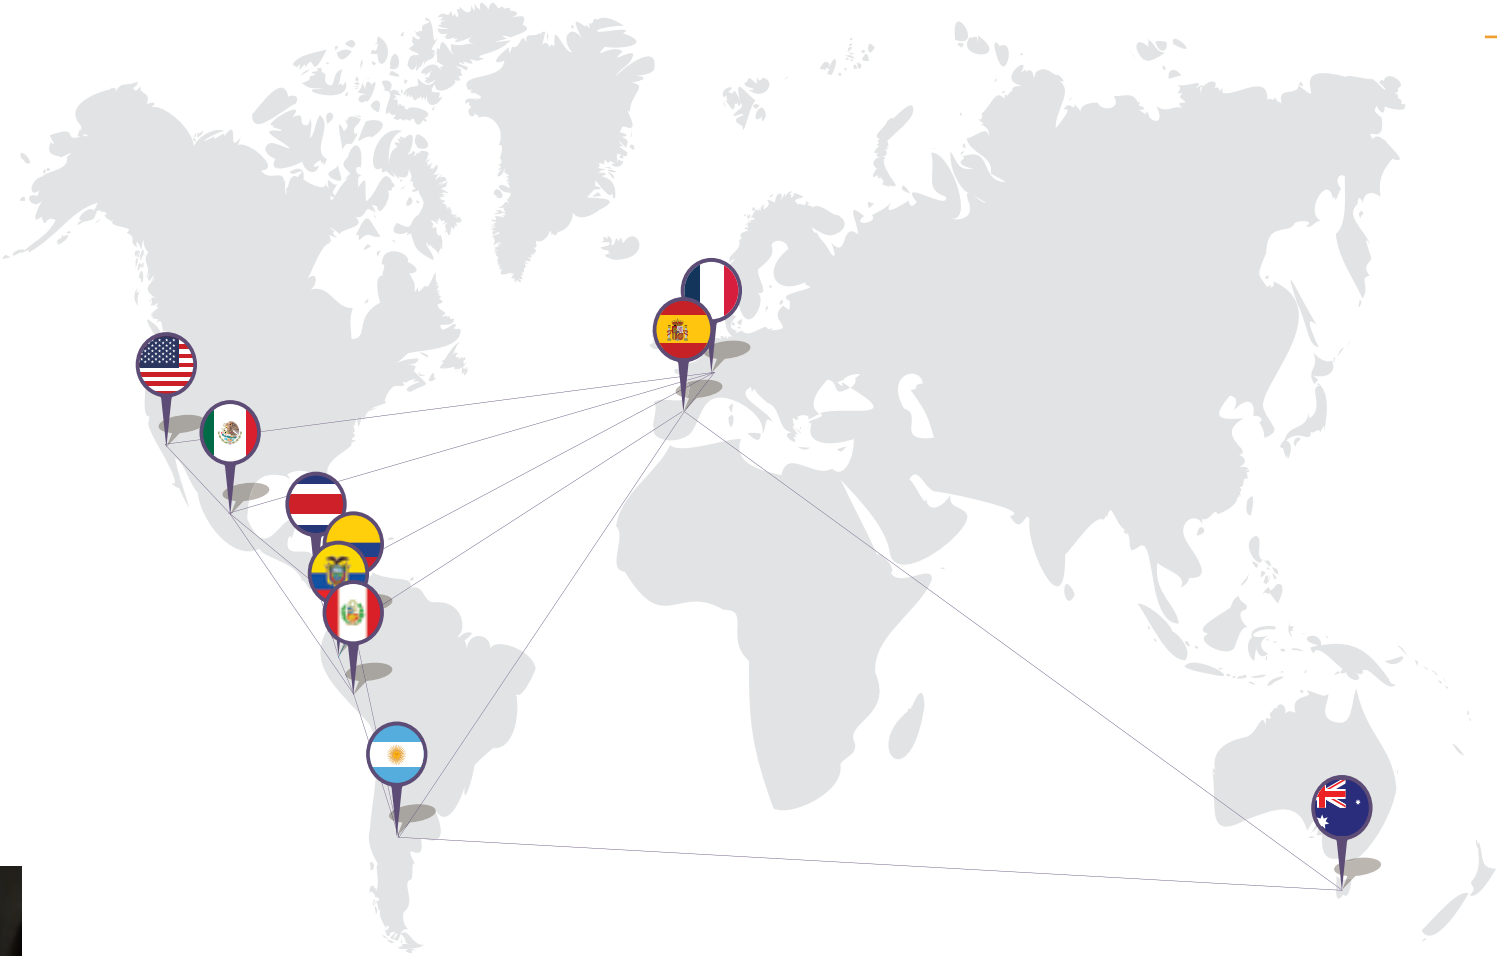

## WE GIVE BACK

We are co-maintainers of different open source projects such as Drupal Console and Gatsby.

# Fully committed to be fully remote

That means, we get to pick the best talent!

weKnow Inc. has been working with WFSCorp since 2013 building brand websites for the **Fortune 60 company.**
